13 Chester practice route guides

Unofficial practice routes. These are not current DVSA test routes. Roads and layouts can change. Plan your practice with an instructor and follow current signs.

01	Blacon
02	Little Sutton
03	Queensferry
04	Hooton
05	Upton/Zoo
06	Garden City
07	Cheshire Oaks
08	Great Sutton
09	Whitby & Cheshire Oaks
10	Saughall
11	Whitby Park
12	Saughall/Blacon
13	Rivacre

All 13 routes have a mapped Download for TomTom option on our website. These adapted practice loops return to their public-road start beside the centre. Connecting roads and some turns differ from the original notes. Route 9 avoids the bus-only Civic Way section. Map-checked; not driven or tested on TomTom hardware. Read page 2 before practising.

About these written guides

Reading notes and practice-loop changes.

These unofficial written routes were supplied as 13 undated screenshots, received on 22 October 2026. Every instruction is retained in order, with abbreviations written out. Each instruction describes the action to take at that step. The screenshots contain no GPS coordinates. These are not current DVSA test routes.

What the downloads check

All 13 GPX downloads follow connected mapped roads and return to the same point on Chester Gates (Gates Lane), beside the centre. Road geometry, mapped motor access, one-way streets, barriers and turn restrictions were checked against the 20 October 2026 OpenStreetMap snapshot. Map checks do not confirm live closures, unmapped restrictions or TomTom hardware compatibility.

Adapted loops and original instructions

The downloads follow the named-road outline with connecting roads where needed. They do not reproduce every unnamed turn or roundabout exit exactly. This PDF retains the original instruction sequence with abbreviations written out. Read the individual adaptation notes and connecting-road list on the website before using a download. Not driven or tested on TomTom hardware.

Route 9: do not enter Civic Way

Cheshire West and Chester Council lists Civic Way as no entry except buses at all times. The adapted route omits it and connects via Chester Road, Thames Dale and Stanney Lane. Do not follow the original Civic Way instruction on route 9. The council restriction source is linked in the website notes.

Names and wording

Mollington is the village, reached via Overwood Lane and Townfield Lane in the download. Ripon Avenue is in Ellesmere Port; its geometry is labelled Gleneagles Road in the OSM snapshot. Route 6 uses Sealand Avenue after Brookside. Upton/Zoo is Upton in Chester. Road names and actions follow the supplied notes, with abbreviations expanded for easier reading.

Easier to read aloud

Driving test centre, traffic lights, end of the road, roundabout, mini-roundabout and dual carriageway are written in full throughout the instructions. Road and Avenue are also written out, and distances are shown in miles.

Before practice

Preview the full track while parked, check your device import and agree your practice with an instructor or supervising driver. Follow current road signs and restrictions. Use the public road, not the test-centre car park. Map data: OpenStreetMap contributors, ODbL 1.0. www.openstreetmap.org/copyright
