10 Upton practice route guides

Unofficial practice routes. These are not current DVSA test routes. Roads and layouts can change. Plan your practice with an instructor and follow current signs.

01	Irby & Caldy
02	Prenton & Storeton
03	Greasby, Irby & Pensby
04	Bidston & Wallasey Village
05	Greasby & West Kirby
06	Moreton & Leasowe
07	Oxton & Noctorum
08	Bidston, Wallasey & Noctorum
09	Oxton & Wallasey
10	Barnston, Prenton & Oxton

All 10 routes have a Download for TomTom option on our website. Each is a connected practice loop returning to the same public-road starting point beside the test centre. The downloads add connecting roads and may differ from this written outline. See the notes on page 2. Map-checked; not yet driven or tested on TomTom hardware.

About the practice loops

The sat-nav downloads adapt the written guides using connected roads.

Every download starts and finishes at the same point on Arrowe Park Road, beside the test centre. Preview your route while parked. Use public roads for practice, not the test-centre car park.

Route 01 / Irby & Caldy

Follows the mapped Irby and Caldy loop. A short connecting section is named Arrowe Road on the map.

Route 02 / Prenton & Storeton

Connects the Elm Road loop through Storeton Road and Waterpark Road before rejoining Prenton Lane.

Route 03 / Greasby, Irby & Pensby

Uses Broadway, Cortsway West and Thingwall Road to connect the written sequence. Road-name spellings are matched to the map.

Route 04 / Bidston & Wallasey Village

Omits the Westwood Road dead-end spur and continues along Upton Road. Ford Hill is mapped as Upton Road.

Route 05 / Greasby & West Kirby

Uses Hambledon Drive for the written Wimbledon Drive and Hill Bark Road for Hill Barn Road. Connecting roads complete the West Kirby loops.

Route 06 / Moreton & Leasowe

Uses Ford Road for The Village and includes Castleway North. The Leasowe section follows mapped connections to North Wallasey Approach Road.

Route 07 / Oxton & Noctorum

Uses Wexford Road to connect the Budworth Road and Waterford Road loop, with Boundary Road and Mill Hill links where needed.

Route 08 / Bidston, Wallasey & Noctorum

Uses Bidston Village Road after Fender Way and a Bassenthwaite Avenue connection for the return from Windermere Road.

Route 09 / Oxton & Wallasey

Includes Wexford Road, Tollemache Road and St James Road connections, following the mapped one-way roads and roundabouts.

Route 10 / Barnston, Prenton & Oxton

Connects the Bickerton Avenue loop via King's Lane and Conville Boulevard. Ben Nevis Road, Irvine Road and The Mount connect towards Greenway Road.
